## 28 Arrested in Quad-City Drug Raids; Police Say Major Drug Ring is Broken

A major narcotics ring in the Quad-City area was broken during a series of raids Thursday night in which 28 persons were arrested and illegal drugs valued at \$100,000 to \$150,000 were confiscated.

Six raids were made after 10:30 p.m. when about 40 officers of the Illinois Bureau of Investigation, Granite City and Madison police departments and the Madison County sheriff's office moved out of the Granite City police station in teams.

The raids were at four residences in Granite City, one in East Madison and another in Collinsville.

Officers seized about five pounds of marijuana, 1,000 caps of suspected LSD, 500 capsules of hashish, a marijuana concentrate, about 1,500 capsules of barbiturates and amphetamines and paraphernalia for injecting and smoking the drugs.

A major haul came in a raid at 155 Briarmore Lane where, police said, a woman tried to flush about \$100 worth of marijuana down a commode. Other

drugs and paraphernalia were found in the house.

Arrested there were Sharon Odum, 21, and Donna J. Fowler, 29, both of the Briarmore address; Michael E. Graklanoff, 23, of 42 Villa Drive; and Jerry Adams, 24, of Godfrey, formerly of Granite City.

Locations of other raids included the home of David Louis Pierson, 28, of 3001 Dale Ave., his brother Gordon Lee Pierson, 32, of 3009 Route Two, 1085 Jull Ave. and at 1011 Sixth St., East Madison, an apartment rented by Paul Ramsey.

Charged were Michael J. Stephens, 17, of 2644 Center St., unlawful sale; Greg Penrod, 17, of 2163 Orville Ave., unlawful sale; Adolph Ponder, 18, of 2033 Morgan Ave. (a trailer), illegal sale of less than 2½ grams; Dale A. Hughes, 18, of 2423 Madison Ave., illegal sales of less than 2½ grams.

Debra K. Rill, 20, of 2038 Morgan Ave., possession of less than 2½ grams; Gary Lee Auer, 21, of Rural Route Two, illegal possession and absent without leave from the Army; Paul Ramsey, 18, of 1918 Grand

Ave., sale of marijuana; Richard D. Weeks, 20, of 3001 Forest Ave., illegal sale; the Piersons, illegal sale.

Michael F. Chinn, 20, of 3041 Dale Ave., illegal sales; Robin Wilbur, 21, of 2017 Iowa St., illegal possession; Jerry R. Ridge, 24, of Godfrey, illegal possession; Sharon Odum, 21, of 155 Briarmore Lane, illegal possession; Michael E. Graklanoff, 23, of 42 Villa Drive, illegal possession; Donna J. Fowler, 29, of 155 Briarmore, illegal possession.

Michael Paul, 19, of Collinsville, illegal possession; Mike Wheeler, 17, of Edwardsville, illegal sale; Greg E. Hickey, 23, of Edwardsville, illegal sale; Rex Hensley, 18, of 32 Victoria Drive, illegal possession; and Percy J. Wilkinson, 18, of 2938 Morgan Ave., possession of less than 2½ grams.

Two juveniles, a 15-year-old Granite City boy, and a boy from Collinsville, also were taken into custody.

Most of the defendants were released on recognizance bonds after pleading innocent Friday before Magistrate Joseph Kelleher.

Filed on bonds ranging up to \$7,000 were the Piersons, Weeks, Wilkinson, Auer, Crowley, Wheeler, Paul and Ponder.

At a press conference Friday afternoon at the local police station, Mitchell Ware, director of the FBI, commented that the major leaders of the local narcotics ring were arrested and that the illicit drugs should be in short supply for some time.

Police Chief Ronald Veizer called the biggest raid ever conducted in Granite City.

Answering a St. Louis reporter, Ware said, "We're going to run them all over to Missouri. As long as we get them out of Illinois, we have done our job."

Penalties upon conviction of possession is 2 to 10 years in prison and a fine of 10 years in prison. Fines ranging from \$1,000 to \$10,000 usually are assessed, the FBI chief said.

Ware said, "We have a 97% conviction rate." Ware said, in contrast to usual lack of prosecution of such cases here. The director added that last year the FBI won 237 out of 243 cases tried.

Supplies SIU-SW Ware said that the Granite City-headquartered ring was the center of supply for sales at Southern Illinois University-Southern. He said that the probable sources were Mexico, California and Arizona. He also noted that a "factory" which manufactured LSD was raided and closed in this area not long ago.

The director reported that the raid culminated three months of intensive undercover investigation.

## United Fund Awards Go to 106

"If the Tri-City area is to have a balanced network of adequate and accessible social agencies, it will be because citizens and organizations such as we honor here tonight are willing to pay the necessary price," John D. Carney, an officer of the United Steelworkers of America staff in Pittsburgh, told the membership and awards banquet of the Tri-Cities Area United Fund Friday night.

Mr. Carney was the principal speaker at the 14th annual dinner meeting in which 106 awards were announced for outstanding participation in the 1971 United Fund campaign and 28 persons were elected to the board of directors. Approximately 150 persons attended the event in the Granite City High School cafeteria.

A report by J. S. M. Dashwood, general campaign chairman, and Thomas Griffin, co-chairman, pointed out that the highest total of pledges in campaign history came at a time when "our area was just as hard hit by adverse economic conditions as the rest of the nation—maybe harder."

The co-chairmen paid tribute to the "enthusiasm and effort of our campaign workers" as the primary reason for the increase in pledges.

Total pledges of the 1971 campaign amounted to \$388,945, or

55.6% of the quota of \$407,283, according to a report of solicitors by the various United Fund divisions.

Directors elected to new three-year terms included Chester L. Baker, Don Gih, Jack Ewart, Joseph Gih, Thomas F. Griffin, Lyle Guiley, Paul Halbert, Norman Hall, E. A. Karasch, Dr. Felicia Koch, William Kozay, Mrs. Margaret Lee, Mrs. Lavenka Meyer, Mrs. J. C. Patton, Maurice Rich, Eddie Lee Salmond Jr., Mike Sasyk, Leo Schermer, Thomas Staico, and

Robert Walkenbach, Melvin Wilmshyer, Harry Wolff and Elmer Zarges.

Four One-Year Terms Those elected to one-year terms to fill vacancies were Fred Barr, William Curcuro, John Ervin and E. F. Reiser. The directors were elected unanimously after Homer Huber submitted a report of the nominating committee and other nominations were closed on a motion by Leo Konzen.

Mr. Carney, who has been a

## Airport Timetable Still Unchanged; Program to Proceed on Schedule

There will be no change in the timetable for development of a new airport at the metropolitan area despite the controversy over a St. Louis-Marysville study, the report said, and it would take week and subsequent demands for more time to make a new Missouri airport study, the report said, through routine procedure.

Director at Kansas City, Mo., said that such a request was unnecessary since there have been no requests for air space hearings anyway and it would take about six months to arrange, advertise and conduct such hearings.

Foreseen No Delay He pointed out that the St. Louis Metropolitan Area Airport Authority in Illinois is awaiting environmental and engineering studies and noted that nothing can be done until these are completed. He said hearings may be arranged, and added that such a request was unnecessary since there have been no requests for air space hearings anyway and it would take about six months to arrange, advertise and conduct such hearings.

Change in Illinois Primary Date Sought A bill which seeks still another change in the date of the Illinois primary election has been introduced in the Illinois House by State Rep. Leland J. Kennedy (D-Alton). If passed, the bill would change the primary date to the fourth Tuesday in August.

The bill is the third in the last four years seeking to change primary dates. Illinois' primary elections now are held on the third Tuesday in March. Prior to 1968, the primary was held on the third Tuesday of April, but legislation passed in 1967 changed the date to June. The primary was held in June, 1968, but the following year legislation was approved changing the date to March.

## Separate SIU Boards Suggested By Committee of Higher Board

Changes in the governing structure of higher education in Illinois—calling for independent presidents and administrations for the Southwestern and Car-

bondale campuses of Southern Illinois University—were recommended Saturday by a special committee of the Illinois Board of Higher Education.

The committee, which studied six alternative proposals for changes within the higher education system, said its recommendations were "minimal" ones that are likely to receive support from legislators and educators.

made to conform with the other two systems.

Under the recommendation, administration of SIU's medical school at Springfield and the University of Illinois medical school would be left to the trustees of the respective institutions.

Appointment of trustees to the University of Illinois board, rather than election, also was recommended to conform with the appointive system of the other three boards.

A proposal to create separate boards for all senior institutions was rejected by the committee which also turned down proposals for retention of the present system with some boards appointing chancellors as well as presidents, and a single statewide governing board.

## \$23,000 Drive-in Fire Caused by Burglars

A fire which apparently was started during a burglary caused about \$23,000 damage at Baker's Drive-in, 1317 Edwards-ville Road, Friday.

It was reported by the Granite City Fire and Police Departments.

A cigarette machine was broken open and the coin box emptied, and two other vending machines were pried open. The doors and windows were locked, and there was no sign of forced entry. Police said the fire started in the kitchen of the restaurant.

Firemen, on the scene for an hour and 20 minutes, estimated the loss at \$5,000 to the building and \$18,000 to the contents.

Firemen also were called to trash and weed fires at noon Thursday in a field north of Marysville School and 1:45 p.m. Thursday at 3200 Carlson Ave.

A request that public hearings on a selection of a site for the new airport which FAA officials have supported an Illinois site—be delayed six months to give Missouri officials time to make a new feasibility study for a Missouri site was made late last week by Sen. J. C. Brown (D-Missouri).

That action followed a meeting in Washington in which St. Louis Mayor Avery Carravan authorized release of a 1969 engineering survey which recommends a site on the Illinois side of the river, halfway between Columbia and Waterloo, as the priority location of the proposed \$300 million airport. The report listed two alternative sites, both in Missouri.

## Mrs. Mary Tarpoff Recipient of First Silver Fawn Award; Scout Council Presents Three Silver Beavers

By WALTER STRANGE Press-Record Staff Writer

The new Silver Fawn, highest honor a local scout council may present to a woman, was awarded for the first time Saturday night to Mrs. Alex (Mary) Tarpoff, 1609 Clark Ave., at the 21st Annual Scout Leaders Recognition dinner in the Granite City High School cafeteria.

Mrs. Tarpoff was a den mother for seven years and was awarded the Certificate of Merit in 1962; the Den Mothers Training Award in 1963 and the Council "Oscar" award for outstanding service June 3, 1965.

She is the mother of three sons, all of whom attained the rank of Eagle Scout. Mrs. Tarpoff is Sunday School Superintendent of the Holy Trinity Eastern Orthodox Church in Madison. One of the original members of scouting's Women's Reserve, she has been active in training other women to serve as Den Mothers.

The Silver Beaver was awarded to three men. Pete A. Carich, scoutmaster of Boy Scout Troop 35 sponsored by the local International Order of Odd Fellows Lodge; LeRoy Jones, 309 Meredith St., Madison, assistant district commissioner for the Quad-City District; and Ed Heeren of Edwardsville, member of the Illinois District.

## Diverse, Essential Services by Quad-City Mental Health Center

(First of a series on the Quad-City mental health center.)

The Madison County Mental Health Society, as the Madison County Mental Health Center was first known, was opened in August 1969.

Initial steps to organize were started in the fall of 1969 by a steering committee of interested persons from all parts of the county.

The Madison County Mental Health Society was first known, was opened in August 1969.

On Feb. 18, 1968, a constitution was adopted and 27 members, representative of all areas of the community, were elected to the board of directors. The Society received enthusiastic support from civic organizations, which provided time, money and items of equipment.

Purpose and functions of this organization were spelled out in the constitution as follows:

1. To provide competent psychiatric treatment and evaluation services to social agencies, physicians and related services for the area at large.

2. To provide a consultation service to social agencies, physicians, ministers, teachers and others whose work brings them in close association with people.

3. To sponsor a mental health education program.

4. To participate with other groups in planning for mental health.

In late 1969, the Society applied for a state grant-in-aid and was funded in the year of 1969. Two facilities were set up, one in Alton and one in Granite City. These two areas are where most of the county's population is concentrated.

In the summer of 1968, Granite City formed its own board and formed a separate administration. This was brought about by increased demand for

services and continual growth in the county's population.

Outpatient Services In the first year of operation, most of the Quad-City Clinic's energy was focused on outpatient services, which to the present time serves as the hub of all other services provided. As the outpatient services became known in the community, the demand continued to increase rapidly.

In November 1966, Madison County passed the 708 Law referendum releasing local tax monies for mental health programs. The referendum was passed.

**SGT. JAMES ARMOUR** Awarded Medal

## Madison GI Awarded Medal; Vietnam Bound

Army Sergeant James R. Armour, son of Mr. and Mrs. Cerner Armour, 1425 Sixth St., Madison, has been awarded the Army Commendation Medal for outstanding service with the 533rd Military Police Company and the 20th Military Police Detachment, in Germany.

The serviceman recently arrived home from Germany and is spending a leave with his wife, the former Miss Heidi Karbe of Berlin, Germany, and daughter, Rebecca. The family resides at 1724 Kennedy Drive, Madison.

Sgt. Armour will remain here until March 17 when he reports for a tour of duty in Vietnam. He enlisted in the service in January 1966, and received military police training at Fort Gordon, Ga.

A 1963 graduate of Madison Senior High School, the soldier has been based for more than two years at Kaiserslautern, Germany, and at Fort Leonard Wood, Mo.

## David L. David Decorated For Heroism in Vietnam

Army Specialist Five David Lee David, a son of Mr. and Mrs. Lindell G. David, 5180 Nameoki Road, has received the second award of the Air Medal with "V" Device for heroism in Vietnam.

The local serviceman, who has served two tours of combat duty in Vietnam, was presented the award in ceremonies at the Granite City Army Depot, where he is assigned to the staff of Lt. Michael C. Maschke, post adjutant.

Spec. 5 David, 22, earned the Air Medal as a member of Troop C, 7th Armored Squadron, 17th Air Cavalry, last March 4. The citation accompanying the decoration reads in part:

"For heroism while engaged in aerial flight in connection with military operations against a hostile foe... Spec. 5 David distinguished himself by exceptional valorous actions while serving as crewman of a lift helicopter during an extraction of a long range patrol in Bien Dien Province.

"The patrol had made contact with a superior enemy force and sustained one casualty. After medical evacuation of the casualty, it was necessary to extract the remaining five men by rope ladder.

"As the aircraft came to a hover above the 100 foot trees, the enemy gunmen began firing, but Spec. 5 David and a

few crewman pinpointed the sources of fire and placed effective suppressive fire on the enemy.

"They kept the aircraft commander aware of obstacles and sources of hostile fire at all times. On two sorties their suppressive fire was instrumental to the successful extraction of the beleaguered patrol.

"Spec. 5 David's professional performance under fire and was exemplary. His actions unwavering devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army."

The serviceman attended grade school in Highland and Granite City High School. He enlisted in the Army in September 1965. He received basic training at Fort Leonard Wood, Mo. A d v a n c e d individual training at Fort Gordon, and specialized instruction at the Army's Parachute Rigging School at Fort Lee, Va.

Initially, Spec. 5 David was assigned to Vietnam in July 1966, returning there on a second tour in January 1970. He has been stationed at the local military installation the past several months.

The soldier also holds the Army Commendation Medal and received the first award of the Air Medal for previous actions in Vietnam.

## People Must Guard 'Grass Roots' Form of Town Government; Face Many Problems

"People who believe that government must remain close and responsive to the people must remain vigilant against the detractors of this idea," Troy A. Kost, executive secretary of the Township Officials of Illinois, declared this week.

"We were delighted to hear President Nixon give his strong support to local government in his State of the Union address, but in the few weeks since then, all sorts of reasons and excuses have been given for circumventing the president's proposals."

"Townships have been proclaiming the wisdom of close-to-the-people, responsive government for a long time, because that is the historical and everlasting basis of township government," Kost added. "We continue to hold town meetings, where the voice of the people

directly affects the operation of township government. Only in counties where it presently exists, and gives the opportunity to the people in 15 counties without township government to choose the township form by referendum. He urged that the citizens of these counties examine their circumstances and consider calling a referendum. They would find township government to their advantage, he stated.

Kost added, however, that small local governments always face threats to their existence, coming from groups or individuals who generally are politically motivated to weaken or absorb them.

One of these dangers, Kost stated, is the squeeze on revenues for local governments. This is particularly critical now because of the elimination of personal property taxes in Illinois, which have represented a major source of income for townships and other local governments. New legislative action is needed to maintain township revenues, it was pointed out.

There is also a disturbing trend toward judicial decisions which take precedent over legislation," Kost said. "For example, in the 1970 state legislature, an abortion bill was voted down, but now two federal judges say abortion is legal. Then within a month or so these judges were overruled by a judge of a higher court. Also, about a year ago, a solitary Cook County circuit court judge ruled against townships on methods of township revenue collection, which the state legislature and the people had approved for decades."

**Face More Problems**

"In coming months we may face some real donnybrooks related to the new Illinois Constitution," Kost observed, but can very well be a great benefit if people begin to be more selective about the forms of government they have and the people they put into government.

"We in townships firmly believe the people will gain appreciation once they observe its closeness and responsiveness," Kost said. "We believe, too, that young people who are disenchanted with the Big Establishment will find it desirable to support people-oriented township government."

## Knights of Columbus Initiates 5 Members

Five new members were initiated into the admission degree of the Knights of Columbus at a meeting of Tri-City Council 1068 Thursday night.

They are: Phillip Marzuff, Dave Rosenberg, Gerald Rosenberg, George Sedabres and Stanley Yureck.

Steve Saltich, membership chairman, announced that formation and knighthood degrees will be held March 28 at Collinsville.

Chris Von Nida, family activity chairman, announced that the council will hold a family pot luck supper at 7 p.m. March 13.

John Korcosog, grand knight who conducted the meeting, reported on progress of plans for the first benefit chicken fry and barbecue to be held at the council and the Ains Temple on April 18 at St. Elizabeth's parish hall. Proceeds will be used for the Shriners Burns Institute transportation fund and for retarded children.

Fred Tritschsch, sports activity chairman, announced that the council will enter five teams in the Madison County K. of C. bowling tournament set for March 21 at Bowland.

Rev. Sylvester Micek, chaplain, presented remarks on the history of the Catholic Church. A lunch was served by David Cruise, lecturer.

## SIU-SW Drug Authority To Address Meeting

Joseph S. Hupert, coordinator of the Drug Use and Abuse Program at Southern Illinois University - Southern campus, will be the guest speaker at a public meeting of the Madison County Association For Mental Health, Inc., at 7:30 p.m. Thursday at St. John's United Church, 201 St. Louis St., Edwardsville.

Hupert, who is on the board of directors of the St. Louis drug abuse program, will speak on the drug problem.

## St. Louis C. of C. Urges Funding Aid for Bi-State

Support of state and local financial assistance to Bi-State Transit System's bus operations has been urged by the Chamber of Commerce of Metropolitan St. Louis.

Information announced by the Bi-State Development Agency indicates that the St. Louis metropolitan bus system will have a 1971 deficit of such magnitude that cuts in service and a raise in the fare level will be required.

"Bi-State must receive help from the states and local communities if it is to continue to provide adequate area-wide service under a fare system that is not prohibitive," Eugene F. Williams Jr., chairman of the Chamber's Mass Transit Committee said.

"We feel," he added, "that our area must not only look to future transportation needs, such as rapid transit, but must see to it that we take care of the urban transportation we have now."

Williams pointed out that tens of thousands of our citizens are dependent on Bi-State and the states and local communities just cannot stand idly by and

see the service deteriorate.

"The Chamber of Commerce board of directors supports both the concept and the reasonable and practicable action by local and state governments to subsidize Bi-State bus operations to the extent that the present fare structure and level of service are substantially maintained," Williams said.

## No Treaty Given As Comanches Fall to Warriors

Granite City High School's Warrior cagers ended their regular season with a 17-8 record by defeating Columbia 88-60 Friday night in a game here.

They lead almost all of the way but did not secure their lead until the third quarter.

The Warriors were up by one point, 20-19, at the end of the first quarter after recovering from an early four-point deficit.

In the second quarter they gained only one point to lead 41-39 at half time.

In the third quarter they out-shot, out-rebounded and generally outplayed Columbia to accumulate 26 points to only 7 for the Comanches, bringing the score to 67-46.

The Warriors kept the pressure on through the remainder of the game adding 21 points while giving up 14.

The leading scorer for Granite City was Joe Wallace with 28 points, but Terry Ripka and Chuck Kraus made showings with 19 and 12 points respectively. Other scorers were Mike

DeRuntz with 10, John Ireland and Bob Wiggins with eight, Gary Lively with four and John Pitchers with one.

"We carried out a balanced scoring attack... a great team effort," Coach Don Deterding said after the game.

Wallace played his best game of the year with 11 of 18 from the floor and about three perfect driving lay-ups.

John Ireland, a senior, for the second time this year came off the bench to give a good effort and was praised by the coach.

The Warriors shot 54% from the floor and 71 % from the free-throw line, while the Comanches settled for 41% from the floor and only 67% from the line.

Granite City's shooting percentage was down slightly, but the free-throw effort was well above the 65% success they have had the rest of the season.

### Warriors Come Alive

Defensively, the Warriors were poor in the first half but came alive after the halftime break.

"We didn't have much defense in the first half, but in the second half we kept their top scorers to only one point," Deterding said. Howard, Cahokia's big gun, scored 18 points in the first half.

The Warriors also ruled the backboard as they rebounded 22 times and left the Comanches only eight opportunities to grab the ball under the boards.

This season marks only the third time in 25 years that Granite City has won 16 or more games. The record stands at 26 games. "We are still hoping to go over the 20 game mark during the regionals," Deterding said.

## Jake's Cage Team Moves Up to State Devils Win 8th District Title in Row, to March On Assumption Tuesday

Lincoln Cab of Leland Grove, won the district championship in the Illinois Park and Recreation Society cage tournament Friday with a 90-70 over Jacobsmeyers.

High point man for the champs was Dan Evans with 27 while Joe Groboski led Jacobsmeyers with 27.

Thursday results were Lincoln Cab 86, Jacobsmeyers 72; Jacobsmeyers 72, Packard Dairy of Wood River 62; and Bruns Standard of Lincoln 90, Hook's Tavern 79.

Both Lincoln Cab and Jacobsmeyers will play in the state championship games set for Saturday at Grigsby, beginning at 10 a.m. and finishing up with the state championship game at 7:30 p.m.

Venice High School's Red Devils won their eighth consecutive district basketball championship Friday night as they came from behind to defeat St. Henry's of Belleville by a 63-59 score at Columbia.

Coach Bill Ohlendorf's Devils advanced to the title game by downing St. Henry's of Belleville 57-53 the night before.

As a result, they advanced to the Belleville West regional tournament and will face Assumption of East St. Louis at 8:30 p.m. Tuesday.

"We just didn't play well. We were out-rebounded, out-hustled and out-shot," Ohlendorf said after his team's victory over St. Henry Thursday night.

So Friday morning he gathered his cagers for a skull session to prepare for the championship round with Althoff.

"We had to get ourselves together and find out where we were going," Ohlendorf said. "We had won nine ball games in a row and we were a little stale, a little tired."

**Moderate Success**

The session appeared to have been "moderately successful," but, "We didn't play well again against Althoff," Ohlendorf commented.

"We're going to have to be ready. We're just going to go over there and have a good time," he remarked about the regional.

"We felt that we have a good basketball team and we've been in a lot of good teams, and we've given them (the fans) all they've wanted," he added.

**Defense a Problem**

One of Venice's greatest problems recently has been their defense. Against St. Henry Venice allowed Eagles' junior superstar John Strubberg to collect 36 points until he got into foul trouble in the third quarter.

"Even when Strubberg went out, we didn't defend anybody," Ohlendorf said after the game.

Despite Strubberg's high scoring, Venice managed to stay on top throughout the game. At the end of the first quarter they led by one point, 20-19, and at the half they had opened their lead to four, 36-32.

In the third quarter the Red Devils declined because as they gave up 13 points and only collected 11 to narrow their lead to two.

"If Cedric (Gardner) hadn't come alive (in the fourth quarter)," Ohlendorf commented,

"that would have been our last game." In that quarter Gardner scored a much needed six points as the Eagles started breathing down his neck.

**Gardner Scores**

Gardner accumulated a total of 24 points in that game and was followed by Jim Ohlendorf with 12, Doug Johnson with 11, Algie Smith with eight, Raymond Mosby with seven and Dan Sovers with one.

Venice lead in field goals in the game, 27 to 23, but lost points on free throws as St. Henry put 13 through the hoop to nine for the Red Devils.

Gardner with 22 points was hot against Althoff, but the glory went to Johnson who accumulated 26 during the championship game. Others adding the scoring for the Red Devils were Mosby with four, Ohlendorf with three and Smith with two.

Venice got off to a one point lead, 10-9, in the first quarter and managed to keep that lead into the halftime when the score was 23-22.

In the third quarter, usually a bad one for the Red Devils, they gave up 16 points and only accumulated 13, to put Althoff ahead, 38-36.

In the final quarter they got down to work for 21 points, the best quarter of their tournament record.

In field goals Venice had a 21-19 edge and managed to keep the free throws even at 15 each.

Now come the regionals. "We never go into a ball game if we don't feel we can win," Ohlendorf said, "I just hope we're ready."

## Cougars Close Season on High Note Over Kenosha Team

This week they'll be packing up their basketball gear at Southern Illinois University-Southwestern following the Cougars Saturday night come-from-behind 98-51 victory over a University of Wisconsin, Kenosha, squad.

The win gave first-year Coach Jim Dudley a 15-11 record, the first winning season that the Cougars have posted since the sport was introduced on the new campus four years ago.

Again it was a tremendous second-half individual effort by senior forward John "Champ" Summers which pulled the game out for the Cougars. The Madison native, playing Dudley's style the first half, had made only six points as SIU-SW fell behind 44-45 at the intermission.

Trailing 57-64 with 13 minutes remaining, the Cougars, led by Summers, came roaring back to overtake the Rangers, 78-77, on a tip-in by Gene Bounds with 6:34 left on the clock.

During the rally, Summers scored 24 points and ended up taking game scoring honors with 30, two more than the visitors' Eli Slaughter.

It wasn't all Summers. Bounds, SIU-SW's 6-8 junior center, contributed five of his game total of 18. Big Jim Brown added six, Denny Thronburg, who had 14 for the entire game, added eight, and Roy Withcott came through with six important points, all in the second half.

Dave "Jesse" James, who with Otis Ward had nine points each, contributed two points in the drive to overtake the upstart Wisconsin team.

"The medium-sized crowd wasn't exactly happy with the victory, for sitting on the sideline for 16 1/2 minutes of the second half was the Cougars' leading scorer, Rich Essington of Venice, and a great favorite since high school days locally.

That part of the crowd which had been "on" Dudley during the Cougars' losing streak the second half of the season, in which they dropped from a 11-2

record to their season total of 12-11, kept yelling for "Essington."

Explained an obviously annoyed and harassed Dudley immediately after the game when asked about Essington: "You saw his play during the first half and early in the second half, didn't you?" he snapped angrily. He added, "I believe that he was so excited about it being his last college game that it affected his play."

Essington answered: "The only thing that mattered was that SIU-SW won, and we did." The Venice star made only two free throws in the game, but he is assured of leading the Cougars in scoring with an 18-point average.

It was the last game also for Summers and Denny Carroll, who never got into the lineup. Denny Thronburg, a left-handed shooting sophomore whom Dudley brought from Lake Land Junior College, made four-out-of-four free throws to run his current streak to 15. During the early season he had 1 of 20. Listed all season in the top 20 free-throw shooters in the NCAA college division (he was third once), Thronburg seems assured of making the top ten in that category.

## Multiple Tax Agencies Pose Problem; Up to Legislature

By IRA TEINOWITZ  
Press-Record Springfield  
Correspondent

There are 5,514 governments in Illinois that have the power to levy property taxes. Each has its own administration, its own trustees and normally its own office.

Restrictions on the debt limit of local governmental units as well as restrictions on the powers of municipalities and counties in the old Illinois constitution made this proliferation of governmental agencies necessary.

The new Illinois constitution changed all this. But the question of what to do with these districts now, is a politically charged and a technical one which will soon have to be decided by the General Assembly.

In 1968, which is the latest year for which statistics are

available, there were 1,556 township districts, 1,266 municipalities, 1,325 school districts and 1,285 special districts in Illinois.

**Multiple Districts**

Each of these districts was empowered to issue general obligation bonds and to pay them off through property tax assessments of a given area.

Of course, one set of physical boundaries could have an infinite number of districts. When homeowners receive their tax bills, they are really paying taxes to a number of such districts.

With so many governmental units, there is bound to be inefficiency. Most of the districts are established for a single purpose and no matter how big or how little their staff is, they can serve only that one district and purpose.

The Illinois Constitutional Convention wanted to reduce the number of districts and even provided means for the dissolution and combination of small cities and counties so that government would become more efficient. Politically though it is very doubtful there will be any such moves in the legislature this year.

**Special Agencies Involved**

The major problem the legislature will work on is the special taxing districts—the districts for fire protection, parks, sanitary disposal, forest preserves, mosquito abatement, airports, hospitals and a variety of other duties.

These are the districts few people hear of, know of or even care about. The logical move is for these districts to be merged with either counties or municipalities. But the logic is com-

plicated by the fact that many of the districts do not have the same boundaries as the municipalities.

For instance assume a new area of town has just been built and the city is going to build sewers for it. When sewers were built on the block you live on you were specially assessed. Now your sewers are paid for by the city.

If the sanitary district was consolidated into the city, you would then have to pay taxes to build the sewers when he paid none of yours. In fact, the situation is even more complex because bonds have already been issued on the understanding that only a certain area would pay for the development.

**Information Lacking**

Initial research suggests the best way to handle the situation is to wait until the present bonds are retired and then to consolidate the districts. But there are no central figures which show how many bonds are outstanding or when they are due to be retired, and no agency is even trying to find out the information.

The political problems will be as much of a problem as the technical ones. Sanitary districts particularly tend to be a haven for political patronage and the other districts have staff who will be displaced if any consolidation takes place.

There will probably be a massive fight in the legislature before anything is done. The new constitution bars appointments of members of commissions by the judiciary and in many areas that there is no way to appoint commissioners to the airport authority, sanitary districts and all the other districts.

Obviously the legislature will have to do something soon but at present there appears to be little research going on and any major overhaul will probably not take place for some time.

Meanwhile the taxpayer pays the costs of inefficiency.

## Name Ticket Chairman For Six Flags Opening

Vasil Eftimov, 2800 Michigan Ave., has been selected as Madison County ticket chairman for the Six Flags Over Mid-America amusement park special opening May 15.

All proceeds will go to the St. Louis Symphony Orchestra.

The 200-acre park, located near Eureka, Mo., will have a capacity of 40,000 people when completed, but admission will be limited to 15,000 for the opening celebration. The advance ticket price is \$5 which covers admission and all attractions, rides and shows. Groups of more than 25 may obtain tickets at discount rates. Gate admission will be \$6.50 for adults and \$3.50 for children.

The Six Flags park is designed in a "theme park" arrangement featuring six villages, each representing an historical era of the Midwest under the flags of France, Spain, England, the United States, Missouri and Illinois.

The Junior Division of the Symphony Society Women's Association is hosting the fund raising event. Last year the Symphony incurred a deficit of \$103,695 and anticipates an \$89,500 deficit this year.

## Nestle Firm Names New Public Relations Agent

Stephen E. Kosen, formerly director of public relations for Borden Inc., has joined The Nestle Co. Inc. as manager of public relations and product publicity. In assuming the newly created post, Kosen comes to Nestle with more than 30 years of public relations experience in the food industry.

Active in professional circles, Kosen has served as president of the New York chapter of the Public Relations Society of America and as public relations chairman of the Third International Congress of Food Science and Technology. He currently is a public relations lecturer at the New York University School of Continuing Education and was an associate governor of the Overseas Press Club of America.

## Homestead Exemption Deadline March 12

Deadline for filing applications for the \$1,500 real estate assessment exemption on property owned by persons 65 years of age or older is March 12, allowing another ten days in which applicants may file for the reduction, Granite City Township Assessor James Barton pointed out today.

Those persons who obtained the exemption last year for the first time are required to refile each year to receive the benefits of the state law allowing the valuation reduction, Barton said. The reduction is available to all property owners who were 65 years old before Jan. 1 this year.

The exemption applications are now being received by Barton, by Venice Assessor John Brudick and Nameless Assessor Joseph Cohan. The deadline originally was set Jan. 31, but was extended by the Madison County Board of Review.

## 7 Area Couples Obtain Divorces

Seven Quad-City area couples have obtained divorces in Madison County Circuit Court. Divorced were:

George Ike Walker of Granite City from Louise Walker. They were married June 1, 1967, in Granite City, and separated Sept. 1, 1970. Mental cruelty was charged.

Willie Marchbanks from J. B. Marchbanks, both of Madison. They were married Feb. 6, 1940, in Wynne, Ark., and separated in June 1968. Desertion was charged. Custody of five minor children was given to the mother. The matter of child support was reserved for the court.

Martha Huckleberry from William Huckleberry, both of Granite City. They were married Aug. 6, 1950, in Salem, Ill., and separated Oct. 22, 1970. Habitual drunkenness was charged. Custody of six minor children was given to the mother, and the father was ordered to pay child support of \$60 per week.

Joyce A. Carper from Richard D. Carper, both of Granite City. They were married April 11, 1963, and separated Sept. 25, 1970. Mental cruelty was charged. The mother was given custody of four children, and the father was ordered to pay child support of \$15 per week per child.

## Former Name Restored

Alice Louise Mason of Pocahontas and Granite City for George Mason of Pocahontas. They were married Aug. 13, 1966, in Granite City. Mental cruelty was charged. Her former name of Alice Louise Mason was restored.

Peggy Sue Kichler of Granite City from John Layne Kichler. They were married Feb. 21, 1969, in Clinton County. Desertion was charged. Custody of three children, including two from a former marriage of the parties, was given to the mother. The matter of child support was reserved by the court.

Elvira Jane Price of Granite City from William Allen Price of Madison. They were married Sept. 10, 1955, in Danabon, Mo., and separated Aug. 27, 1970. Physical and mental cruelty was charged. Each received custody of three children. The husband was ordered to pay alimony of \$1,200 at the rate of \$50 per month and is to pay child support of \$150 per month for the children in custody of the mother.

## McKendree Production

The Pacific Repertory Company will bring the production "Appointment with the Abyss" to McKendree College at 8 p.m. Wednesday in Eisenmayer Auditorium and is free and public. The fine arts committee of the Campus Program Association is sponsoring the event. It is a twin bill of two one-act plays—"The Chairs" and "The Lesson."

## Special Education Center Services Expand

Services of the Special Education (Title VI) Diagnostic Center have been expanded to include Jersey, Monroe, and Randolph Counties in addition to the originating counties of Madison and St. Clair.

The purpose of this project is to locate children with hearing, visual, physical and multiple handicaps, provide the educational diagnostic services they require, and to assist in planning for their educational and habilitative program.

Certified screening technicians will begin vision and hearing screening this spring in the three added counties for children aged three through five to locate pre-school children with vision and hearing problems. School, medical and

agency personnel will be contacted regarding children with physical and multiple handicaps. This screening team will be working with public and parochial schools and civic groups.

**Medical Attention**  
Medical attention will be recommended for children found with these problems who are not already under medical care.

Educational evaluations will be arranged when needed at the Special Education Diagnostic Centers located at 1406 Camp Jackson Road, Cahokia, and Poag Road, Rural Route No. 6, Edwardsville.

A diagnostic team at the centers examines the children and recommends an educational program adjusted to each child's needs.

When indicated, special teachers at the center try the recommended educational approaches with the child. Recommendations are then made to the child's school to enable the school to plan the educational program each child needs.

Parents can contact the di-

rector or program supervisor at Cahokia, 332-6576, or Edwardsville, 656-7077.

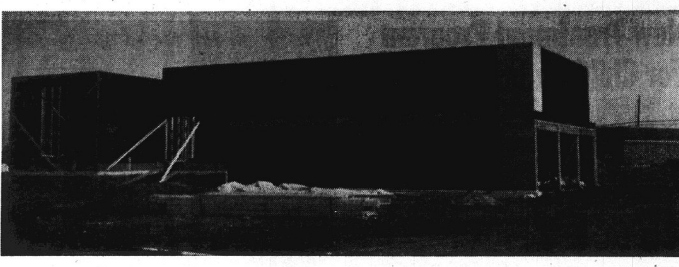

**Directors Cooperate**  
The program was set up through cooperation of the directors of special education and Southern Illinois University-Southwestern.

It is funded under provision of Title VI of the Elementary Secondary Educational Act with the grant administered through the office of Michael J. Bakalis, superintendent of public instruction, and grant awards through the vision section and hearing section of the Illinois Department of Public Health.

Local administration is provided by Leonard D. Parrish, superintendent of Harmony School District 175, Belleville.

A total of 217 children, many of whom are multiply handicapped, have been seen for from one to 55 sessions for evaluation and diagnostic teaching in the centers in the past 27 months.

**Vision, Hearing Screening**  
More than 15,000 children, three through five years of age, have been seen for vision screening in 24 months and more than 8,000 have been seen for hearing screening in the 15 months this screening has been conducted. About three per cent of the children screened are found to be in need of further examination.

**MODERN STYLE.** This large new home takes shape among others under construction in the Northland Estates subdivision on Maryville Road.

Home building has shown a sharp pickup in several areas of the Quad-Cities in recent months.

## 11 Homes Boost New GC Building To \$165,955

With 11 new homes listed among 27 building permits, value of new construction in Granite City during February totaled \$165,955.

Nine of the homes are being built by Wilson Park Estates at 300, 209, 213, 215, 217, 219, 221, 30 land 303 Wilson Park Lane at a cost of \$12,000 each, and another by William Smith at 1829 Oakland Ave. at \$12,000.

The construction included 11 homes, \$12,000; two additions to homes, \$4,000; two garages and carports, \$2,900; five remodeling and repairs, \$5,500; seven for commercial-industrial purposes, \$21,550.

The totals exceeded those of January when 13 permits had values of \$72,030 and of February of last year when 16 had values of \$131,880.

Other permits issued during the last part of the month were obtained by Gerald E. Shaffer to install two gasoline tanks at 2907 Edwardsville Road, \$7,000; Ernest Winchester, 2015 Thirteenth St., a two-room addition, \$2,000; and Dwayne Hoxsey, 2402 Logan Ave., install siding, \$805.

## Four Persons Injured In Highway Accident

Four persons were injured when an auto driven by Rufus Gutierrez, 28, of Alton, while attempting to pass, struck an auto driven by Farrell R. Converse, 48, of 2874 Washington Ave., at 1:35 a.m. Sunday on Route 111 1/2, miles south of Roxana.

The drivers and a passenger in each auto were taken to Wood River Township Hospital, and Converse was transferred to the intensive care unit at Alton Memorial Hospital. The passengers were Connie Clinton, 33, of 2281 Monroe St., and Joseph Gutierrez, 27, of Alton.

## New Treatment Program For Children Initiated

A treatment program for children with emotional disorders was to be initiated today at the Warren G. Murray Children's Center at Centralia, Dr. Albert J. Glass, acting director of the Illinois Department of Mental Health, announced.

Arrival of the first residents of the new children's unit which will be operated in a wing of Apple Cottage, one of seven dormitory buildings at Murray, was scheduled.

This marks the first time Murray Center has developed an inpatient treatment program aimed at problems other than mental retardation, Glass said. Some outpatient and diagnostic services have been offered for the non-retarded mental disorders.

The 700-bed facility of the department opened in June 1964 and has been providing care and training programs for mentally retarded youngsters since that time.

Murray Supt. Fred A. McCormack hailed the start of the new program as a major step in the emergence of Murray as "a true children's center serving a variety of treatment needs."

Dr. Glass said, "This step indicates the increasing thrust of the department toward expansion and improvement of services for children in need of intensive treatment whether mentally ill or mentally retarded."

The first admissions were to be transfers from the Alton State Hospital children's program, which then will be discontinued as new admissions go directly to Murray Children's Center.

Alton State will continue to operate treatment programs for adults. Included in its operation is a new unit for adult mentally retarded persons requiring residential care.

Both Murray Children's Center and Alton State are located in Mental Health Zone VII, and primarily serve mental health needs of residents in the Zone VII geographic area. The 17 counties in Zone VII

## First Grandchild for Jack Elliott Family

Army Specialist Four and Mrs. Robert E. Keenan became the parents of their first child Friday, a son born at a military hospital in Bad Krenznach, Germany. The infant weighed eight pounds, three ounces and has been named Travis Ivan. The new arrival is the first grandchild for Mr. and Mrs. Jack Elliott, 284 Grand Ave., who were notified of his birth by telephone at 8 a.m. Friday.

Mrs. Keenan will be remembered as the former Carol Jean Elliott. She and her soldier-husband have resided in Germany since last June. Spec. 4 Keenan is stationed with a U. S. Army Infantry unit near Bad Krenznach.

## State Acquiring More Land for Conservation

The Illinois Department of Conservation has added 3,258.65 acres to its growing list of properties in southwestern Illinois since 1969, according to Henry N. Barkhausen, department director.

These lands have been acquired for state parks, conservation areas and nature preserves at a cost of slightly over \$1 million. Both federal and state funds have been utilized for this land expansion program, which is the most aggressive state park land acquisition program in the nation, Barkhausen said.

Heading the list of acquired properties in southwestern Illinois is the 1,231.63-acre River-view Estates tract in Calhoun County. This land is now being developed and will serve the public in a multi-use capacity. Other properties purchased or received through gifts are: 259-54-acres at Pere Marquette in Jersey County; 89.4 acres at Cahokia Mounds in St. Clair County; 3.52 acres in the Titus Hollow Access Area in Calhoun County; and 282.57 acres in Madison County.

Fort Chartres State Park in Randolph County has been enlarged by 816.80 acres; Fort Kaskaskia State Park in Randolph County has added 1.50 acres of land; 590.60 acres have been purchased at Fult's Hill Prairie for a nature preserve in Monroe County; 862 acres have been purchased for the Pike County Conservation Area, and a three-acre parcel of land at Myer's landing has been donated to the conservation department.

## Roger Mansfield, 58, Dies of Heart Attack

## Taxpayers Group Backs Levee Split

A resolution supporting a move to detach the Madison County sector of the East Side Levee and Sanitary District from St. Clair county has been approved by the Tri-Cities Taxpayers Public Expenditures Survey Group.

The action was taken by the organization's board of directors during a meeting in which William F. Hoelscher, secretary, told the board that "the history of political operation and mismanagement of the levee district provide at this time no suitable alternative to a physical and legal separation of the areas served by the district, and we hope that legislation in the General Assembly will accomplish this purpose."

The board also seated James Henderson, general manager-secretary of the Levee District Agency, as a member of the board of directors.

Plans also were discussed for a 1971 fund campaign and a general membership drive.

Legislation to create a Quad-City area levee district will be sponsored in the Illinois House by State Representative Horace Calvo (D-Granite City) and will be supported by State Rep. Leonard J. Kennedy (D-Alton) and State Senator Sam Vadalabene (D-Edwardsville).

## 'Dams' on Highway 111 Cause Long Lake Rise

The Nameoki Town Board of Auditors heard a complaint Monday night that delay by Illinois State Highway Department crews in failing to remove cofferdams along Highway 111 upon completion of maintenance projects is responsible for holding an excess of six inches of water in Long Lake.

William Upton, who resides near Horseshoe Lake, told town board members that state highway crews placed cofferdams in the area where Elm Slough flows beneath Highway 111 into Horseshoe Lake.

Upton said the obstruction on the west side of the highway has partially washed out, but the cofferdam on the east remains intact. "Why can't the state go down there and clean the thing out," he inquired, noting the obstructions are causing Long Lake to remain high.

Questions again were raised by persons attending Monday night's town board meeting concerning a requirement that a subdivisor or builder must clear all proposed drainage systems through the East Side Levee and Sanitary District prior to construction starting. Plans filed before the ordinance was enacted in 1969 are exempt from penalties and restrictions provided under the statute, it was explained.

The "mysterious" travels of a derelict auto, target of complaints from residents in the Miracle-Vine avenues area, were related by Auditor Kenneth Gieson, who said the vehicle originally was abandoned behind Miracle Manor subdivision about Nov. 3. Last Friday, the auto suddenly disappeared from the Miracle Manor site, but reappeared the same day near the W&W Confectionary, 4601 Maryville Road.

## Harry Kastin, Retired Merchant, Dies at 83

Harry Kastin, 83, of 1664 Fifth St., Madison, former owner-operator of furniture stores in Madison and Venice, died at 7:30 p.m. Thursday at Washington Springs Nursing Home in Okawville, Ill.

Mr. Kastin had entered the nursing home two weeks earlier, after being confined for a short period at Jewish Hospital, St. Louis. Born in Poland, Mr. Kastin had resided in Madison more than 50 years. Prior to retirement 10 years ago, he owned and operated the Tri-City Furniture Co., at 12th Street and Madison Avenue, and another store in the North Venice area.

He was a charter member of the Madison Chapter of B'nai B'Rith, which went out of existence several years ago. His wife, Mrs. Rose Kastin, died in April 1970. Survivors include a son, Manuel Kastin of Madison; two daughters, Mrs. Leo (Jennie) Bornstein and Mrs. Joseph (Esther) Swartz, both of St. Louis; two sisters, Mrs. Gertrude Zabusky of Scranton, Pa., and Mrs. Rose Comita of New Jersey; and four grandchildren. Graveside services were held yesterday at Chevre Kadasha B'nai Israel Cemetery, North and South Road, St. Louis.

## Fillemann Home from Veterans' Hospital

Frank Fillemann, 1344 Nineteenth St., was released from John Cochran Veterans' Hospital, St. Louis, last week to spend about two weeks at home, where he can receive visitors. Mr. Fillemann, 82, a veteran of World War I, was taken to the St. Louis hospital by ambulance on New Year's Day after suffering a heart attack. Prior to retiring several years ago, he was employed by a St. Louis chemical firm.

## Chicago Symphony Plans Master Classes at SIU-SW

Fifteen members of the Chicago Symphony Orchestra will hold master classes at Southern Illinois University-Southwestern at Belleville during the orchestra's residency at SIU-SW tomorrow through Friday.

First master classes will be held from 10 a.m. to 2:30 p.m. Wednesday in the Communications Building at SIU-SW. They will be open to SIU students and, by invitation, to students from neighboring schools.

From 4 to 6 p.m. Thursday, Arnold Jacobs, tuba player with the Chicago Symphony, will hold a breath control clinic in the Communications Building at SIU-SW. He will hold a similar clinic from 10 a.m. to 12 noon in Belleville the following day.

Jacobs entered Philadelphia's Curtis Institute of Music as a 15-year-old. After his graduation in 1937 he played two seasons in the Indianapolis Symphony under Fabien Sevitzky.

From 1939 to 1944 he played tuba in the Pittsburgh Symphony under Fritz Reiner. In 1941 he toured the country with Leopold Stokowski and the All-American Youth Orchestra. He joined the Chicago Symphony in 1944.

At 8 p.m. Thursday, Henry Mazer, associate conductor of the Chicago Symphony, will lead the Chicago orchestra and the All-American Youth Orchestra, SIU Belleville Philharmonic in a reading rehearsal of Beethoven's Symphony No. 1, C Major, Opus 21. In this performance go for Harp with String Orchestral musicians, whose chetra, Flute and Clarinet.

Director is Robert Schieber of the Chicago Symphony along with the Chicago Symphony members. The rehearsal will be held in Belleville High School East and will not be open to the public.

From 10 a.m. until 12 noon on Friday, a master class will be held in the SIU-SW Communications Building for ensembles of string, brass, percussion and woodwind instruments.

The Chicago Symphony will open its three-day residency at SIU-SW Tuesday at 8:15 p.m. with a concert in Meridian Hall, University Center, SIU. A featured soloist will be Edward Druzinsky, harp, playing Ravel's Introduction and Allegretto. The concert will be at 8:15 p.m. Tuesday at 8:15 p.m. with a concert in Meridian Hall, University Center, SIU. A featured soloist will be Edward Druzinsky, harp, playing Ravel's Introduction and Allegretto. The concert will be at 8:15 p.m. Tuesday at 8:15 p.m. with a concert in Meridian Hall, University Center, SIU. A featured soloist will be Edward Druzinsky, harp, playing Ravel's Introduction and Allegretto.

Pianist Mary Sauer will be featured with the orchestra at its Wednesday concert at 8:15 p.m. in Meridian Hall, playing Franck's Symphonic Variations for Piano and Orchestra. She will hold master classes at SIU on Thursday.

The Chicago Symphony's residence at SIU-SW is made possible by a grant from the Illinois Arts Council in cooperation with the University, the Belleville Philharmonic and Belleville School District 201.

Admission to the two evening concerts at SIU is \$2 for adults. Students will be admitted for \$1.

## SIU-SW Faces Budget Slash Of 5-10%, Rendleman Says

Southern Illinois University-Southwestern may face a 5 to 10 percent budget slash in the fiscal year beginning July 1, Chancellor John S. Rendleman has informed faculty members.

The State Board of Higher Education has approved an operating budget of \$89,255,547 for the Southern Illinois University system. This budget proposal now goes to the governor and his Bureau of Budget office for review and forwarding to the State Assembly.

The budget can be reduced further by the governor or the assembly. Specific budgets for the Southwestern and Carbondale campuses have not been completed, but the reduction at Southwestern could amount to \$1.3 million to \$2.6 million dollars, the chancellor said.

The Board of Higher Education's budget recommendations are based in part on reaching projected enrollments. The projection for Southwestern next fall is 14,500. However, a severe shortage of classroom space brought on by a moratorium on campus construction, may make it impossible for the Southwestern campus to reach its projected enrollment. If this happens, the chancellor said, the budget would be further reduced.

"No University employee will be dismissed because of the fiscal situation if I can help it," Chancellor Rendleman told the faculty. Earlier the University Administrative Council had announced that no new positions would be authorized except in cases of prior commitment, that no replacements would be authorized for employees who resign or retire except in emergency situations, and that no

new positions would be given to all first-year term employees that their contracts would not be renewed.

**Study Under Way**  
Chancellor Rendleman said intensive study was under way to determine how the University can operate within the anticipated reduced budget without seriously harming the academic program or causing the dismissal of any personnel for economic reasons.

Alternatives which may be exercised to meet the budget cut, as outlined by the chancellor, include:  
A moratorium on equipment purchases for 1971-72, a moratorium on renovation and remodeling, reduced funding for special service programs, and use of non-recurring resources to support recurring operational costs.

The chancellor said a partial moratorium on a faculty leaves may be declared, and that contractual arrangements with consultants, guest artists, and institutes will be reduced to bare essentials.

New programs for which no specific state funds are provided will be eliminated, along with artist-in-residence and visiting professor funds, the chancellor indicated.

## Using Wrong Table Delays Tax Refunds

Some 526 Springfield District taxpayers have delayed their federal income tax refunds by using the wrong tax table or rate schedule in computing the tax on their 1970 returns.

Not only have refunds been delayed but many taxpayers have overpaid their income tax accounts as a result, according to Jay G. Philpott, District Director of Internal Revenue for Central and Southern Illinois.

There are separate columns in the tax tables for single persons, not head of household; heads of household; married couples filing jointly; and married couples filing separate returns using either the low-income allowance or the percentage standard deduction. Mr. Philpott urged taxpayers to make doubly sure to use the correct column and the right line of the appropriate tax table to avoid mistakes.

Another major reason for refund delay is the failure of tax payers to include their social security number. Mr. Philpott added. So far, this year, 122 refunds have been delayed because of incorrect or missing social security numbers.

Other refunds are being held up for a variety of other errors or failure to follow instructions included with the tax forms. Errors in arithmetic are causing delay to 289 taxpayers.

Through last week there were 413 tax returns filed without signatures, including those of husband, or wife on joint returns. These have to be returned to the taxpayers before refunds can be processed.

Mr. Philpott said 35,500 taxpayers in the Springfield District have received refunds totaling \$6,858,803.51 since January.

**French Cellist to Solo**

With St. Louis Symphony

One of the greatest living interpreters of music, French cellist Pierre Fournier, will be the featured soloist with the St. Louis Symphony Orchestra Friday afternoon at 1:30 and Saturday evening at 8:30 at Powell Symphony Hall. Fournier will play Schumann's Concerto in A for Cello and Orchestra.

The Orchestra, under the baton of guest conductor Louis Lane of the Cleveland Orchestra, also will play Schubert's Symphony No. 5 in B Flat Major, Elgar's Enigma Variations, and Japanese composer Toshiro Mayuzumi's Pieces for Prepared Piano and Strings. The latter will feature Leonard Slatkin, the Orchestra's assistant conductor, at the prepared piano. (A piano is "prepared" by attaching nuts, bolts, nails, screws, or other non-musical objects to the strings to produce unusual sounds.)

## Youths Throw Rocks At Police in Madison

The windshield of a Madison police car was broken and several autos were damaged during a rock throwing disturbance which followed the Dunbar School - Brooklyn basketball game in Madison Friday evening.

Police were summoned to the Dunbar gymnasium at 5 p.m. when school authorities noticed that the air had been let out of several auto tires in the school parking lot. One car had four flat tires and another had one flat, police reported.

Police and school authorities agreed to have the Madison fans exit the gymnasium from the west side doors while the Brooklyn fans left through the main doors.

Officers reported that as the youths left the gym, about 150 gathered around the squad cars and the autos with flat tires. Police tried to break up the crowd but were successful only in forcing about one-third of the group to leave.

When the Brooklyn team left the gym, they were booed and jeered by the Madison fans. As they approached the car of one of the Brooklyn coaches, a rock was thrown at the car and another rock hit the hood of squad car 13, police said.

The crowd of about 100 youths then advanced toward the cars and a brick struck the windshield of the squad car. Madison car 25 drove toward the disturbance to assist and also was pelted with rocks and bottles.

When officers tried to break up the crowd they were struck by wood and bottles which were thrown at them.

Police escorted the Brooklyn players out of the area and the crowd dispersed, officers said. There were no arrests.

## 650 Attend Band Parents Chili Dinner

About 650 persons were given their fill of homemade chili during the Madison Band Parents Association's chili supper Thursday evening at the Madison Recreation Center.

## **CUB PACK 7 CEREMONY HELD AT SCHOOL**

Den One, of Cub Pack Seven, sponsored by St. Joseph's Catholic Church, conducted the opening flag ceremony for the Thursday night Pack meeting, held in the school pack room. Scouts taking part were Wesley Stanfill, Richard Buecker, Jack Nelson, Gregory Reinberg, Herman Kaiser, and a new member, Greg Dorosetti.

The Den Mother, Mrs. Jean Stanfill, introduced the new member who transferred from the Pack at Emerson School. She also gave a "farewell" to Greg Reinberg, whose father has recently returned home from Vietnam. The family will be moving from the area.

Awards were presented by the Cubmaster, Andy Timko, to Fred Gonzalez and Greg Reinberg who each received their Bear Badges.

Announcement was made that the theme for March will be "Crazy Car," and the Scouts are to construct model "crazy cars" which will be judged by Frank Krause of the Scout office. Entry awards will be given to each boy preparing a

An Indian skit, "Journey of the Three Sons," the story of a Chief and his sons, was presented in costume by members of Mrs. Myrna Geisler's Den Two. Those taking part were Joseph DeRuntz, Fred Gonzalez, Robert Mungovan, Darlene Geisler, John DeRuntz and Drew Geisler.

Mrs. Geisler then led audience participation in games. Polaroid photographs were taken of the Cubs and their families.

Indian headress kits were distributed, and are to be prepared for the special "Indian Pageant" at the April Pack meeting.

Den One received the "Cubby" award, and the meeting closed with the Scouts forming a "Living Circle," and reciting the Scout Promise.

Refreshments were served by Mrs. Virginia Buecker of Den One and Mrs. Fred Gonzalez of Den Two.

**MRS. JOHN B. GAGE JR.** Her wedding took place Friday evening at St. John Lutheran Church.

# **Miss Ruth Ann Holman Bride of John B. Gage**

Lighted candles in candelabra and arrangements of white flowers on the altar provided the setting Friday evening at St. John Lutheran Church for the wedding of Miss Ruth Ann Holman, a daughter of Mr. and Mrs. Charles Holman, 2099 Warren Ave., and John Benjamin Gage Jr., whose parents are Mr. and Mrs. John B. Gage Sr., 3522 Warren Ave.

The Rev. Samuel Boda officiated at 6:30 and a reception was held in the church Fellowship Hall directly afterward.

The bride wore a pure white peau de soie gown fashioned with an Empire bodice of Chantilly lace and a scalloped Sabrina neckline etched with pearls. The long full sleeves were cuffed and motifs of lace and sequins were placed on the long skirt.

Lace scalloped the hemline and a full sweep wattleau back fell from self-trimmed roses with a wide panel of lace. Forward lace petals and pearls secured the bride's tiered veil of illusion and she carried a cascade of white roses.

Miss Carol Walker was maid of honor, and Jo Lynn Roberts, a niece of the bride, was junior maid. They were dressed alike in royal blue velvet gowns with powder blue satin trimming the necklines and the long sleeves. Bands of satin encircled the waistslines with bows and wood, streamers in the back. Miss Harris, Robin Tartt, Lee and Walker carried a bouquet of Mark Norwood, Steve Ortiz, Juan Jose Ortiz, Greg Lerner, and satin streamers. The junior maid held a miniature bouquet of the same flowers.

David Sumpter was best man, and Bobby Roberts, a nephew of the bride, served as ring bearer. The ushers were Jerry and Terry Gage, brothers of the bridegroom.

After a brief honeymoon at Cheshire Inn in St. Louis, and the Missouri Ozarks the newlyweds will live at 2163a Benton St.

Both young people graduated from the Granite City High School and the bride is employed in St. Louis. Mr. Gage is presently a junior at Parks College of Aeronautical Technology.

## **Lincoln Place Youth Enroll 3**

## Church Women Complete Prayer Service Plans

Plans are being completed this week for the observance of World Day of Prayer, sponsored by the Quad-City Council of Church Women United, Mrs. John Schrader, council president, announced today.

The public is invited to attend the service to be held at 7:30 p.m. Friday at Hope Lutheran Church, 3715 Washburn Ave.

The Reverend J. Louis Oetting, pastor of the local church, will give the invocation and following the service a fellowship hour will take place in the parish hall, hosted by the Hope Lutheran Women's League, Mrs. Schrader said.

Speaker for the 1971 World Day of Prayer here will be Mrs. John Sommer, national vice-president of Church Women United, who served on the international planning committee for the World Day of Prayer celebration.

Women in 25,000 communities within the United States will join with church women in 150 countries around the world in observing the annual affirmation of faith, hope and love in facing the issues and the needs of today and tomorrow upon which the celebration focuses.

Worship through music will be provided at the Friday evening service by the New Life Singers of the First Assembly of God Church under the direction of the Reverend M. A. Groff. Selections will include "The Happy Day of Life" and "Eternal Life."

The offering selection will be a violin solo by Jon Grindstaff, entitled "The Breaking of the Bread."

Representatives from 24 Catholic and Protestant churches in the Quad-City area are expected to take part in World Day of Prayer services at the local church, Mrs. Schrader said.

WORLD DAY OF PRAYER preparations continue with rehearsals for members of the New Life Singers, a youth music group from First Assembly of God Church, who will appear in World Day of Prayer services Friday at Hope Lutheran Church. Standing from left to right—Connie and Allen Crahead, Carole Starling, Mrs. Delmar Frech, host church representative, Reverend M. A. Groff, First Assembly of God pastor, and Mrs. James Williams Jr., chairman of the Church Women United's annual program. Seated at left is Jan Sterling and Carol Jenkins is the piano accompanist.

## Landscaping Lessons Offered

Through the efforts of the Mini-Garden Information Center of the Gardenaires Club, Granite City home owners will be provided help with planning landscaping this spring.

A series of lessons on "Landscaping Your Home" will be given by Wayne Seifert, national adviser in Ornamental Horticulture with the University of Illinois Cooperative Extension Service, at the Granite City Public Library, lower level, on March 2 and 9 at 11:30 a.m. A third lesson, weather permitting, a field study on proper maintenance of trees and shrubs, will be held March 16 under the direction of John Harberth, arborist and tree consultant of Creve Coeur, Mo.

Gardenaires are urging all those interested in improving their home landscape to attend these lessons. Attendance is free.

Mrs. Opal Fogle presented the devotional, God Is In Every Tomorrow. Mrs. Jewel Ratliff reported on Valentine gifts sent to a child, adopted by the class, at the Baptist Carmi Home. Reports were given by the group leaders on Sympathy, Birthday and Get Well cards sent.

Those responding to roll call were: Mrs. Opal Fogle, Mrs. Lassen, Mrs. Velma Rideout, Mrs. Trilma Stockton, Mrs. Lucille Veach, Mrs. Ratliff, McManaway, each reporting on ministries accomplished during the month. Mrs. Rideout dismissed the class in prayer and returned thanks. Refreshments, in keeping with Washington's birthday, were served by the hostesses, assisted by Miss Rogers. The March meeting will be held in the home of Mrs. Ratliff, the class teacher.

## HOLD QUILTING MEET

Mrs. Cornelia Hommert, Mrs. Jewel Jones, Mrs. Amanda Hill and Mrs. Lenna Williams met at the United Methodist Church Thursday morning for a day of quilting. Sack lunches were enjoyed during the noon hour. Mrs. Nova Sanders, a member who has been ill, spent a short period of time visiting with the ladies.

## Cub Pack 17 of Marshall School Holds Annual Blue-Gold Banquet

Cub Pack 17 of Marshall School held its annual "Blue and Gold" banquet Thursday in the school cafeteria.

Members of Mrs. Ann Osborn's Den Two held the opening flag ceremony. The American Flag was spotlighted while an organ recording of "America the Beautiful" was played. All joined in the "Pledge of Allegiance."

Louis Rohlfing gave the invocation and a pot-luck dinner was served to approximately 100 persons. Centerpieces and decorative table appointments

carried out the "American Heritage" theme and included Blue and Gold place mats with silhouettes of Washington, Washington nut cups and a large Lincoln-Washington centerpiece by Den One, Mrs. Nancy Wickham, Den Mother; "Lincoln" rail logs with bachelors, and a paper tube log cabin by Den Two, Mrs. Ann Osborn, leader; white place mats with a Washington theme and nut cups by Den Three, Mrs. Alma Yeager, leader; and Gold place mats with an eagle motif and a large "Uncle Sam" hat centerpiece, by the Webelos Den, Mrs. Pat Shable, leader.

Skits were given by Den One—"First Camp Out," directed by their leader, Mrs. Nancy Wickham. David Yeager and Matthew Stratton of Den Three sang, "Look Sharp Cub Scout." The Webelos Den of Mrs. Pat Shable gave a short skit which included a walk into the audience whistling, "Yankee Doodle." All present then joined in singing, "The More We Get Together," "America," and "We Are the Cub Scouts."

Movies entitled "Telesat" and "Freeway Phobia" were shown. Announcements were made concerning the successful candy sale, and that a Carnival will be held at the next Pack meeting, March 31.

Awards were given out by Lou Rohlfing to the following: Mike Scannell, 1-year pin, a 1-year perfect attendance award, Webelos Stripes and Citizen badge, and a silver and gold arrow point; Greg Colyott, 1-year pin, 1-year perfect attendance award, and his Webelos pin; Phil Whitehead, Sportsman badge; John Clark, Sportsman and Aquanaut badges; Paul Clinard, and Brett Presswood, each received their Bob Cat pins.

Den Two won the "Cubby" award and conducted the closing flag ceremony.

A special election was held to fill the unexpired term of first vice president, and Mrs. Katie Barke was named to that office. Mrs. Bonnie Jaco was elected sergeant at arms.

Games furnished entertainment and a number of prizes were awarded. The hostesses, Mrs. Evelyn Ferro and Mrs. Dorothy Kowalk, served refreshments to the group.

## LEGION AUXILIARY HOLDS ELECTION

Mrs. Rose Halbert, president, was in charge at a meeting of the American Legion Auxiliary, Unit 113, the past week.

A special election was held to fill the unexpired term of first vice president, and Mrs. Katie Barke was named to that office. Mrs. Bonnie Jaco was elected sergeant at arms.

Flags were presented to Girl Scout and Boy Scout Troops 860 and 103, of St. Margaret Mary Catholic Church, and a social time was enjoyed after the meeting.

Games furnished entertainment and a number of prizes were awarded. The hostesses, Mrs. Evelyn Ferro and Mrs. Dorothy Kowalk, served refreshments to the group.

## Xi Epsilon Chi Chapter Hears Status of Major Funds Outlined

The home of Mrs. Harvey Ebling, 3805 Franklin Ave., was Epistol Chapter of Beta Sigma Chi last week.

Mrs. Delores Dortch, president, who conducted the meeting, reviewed information received from the organizations international headquarters concerning the standing of major funds which sponsor charity programs and research.

Mrs. Jack Tolliver described events being sponsored by Friends of the Library on the SIU-SW campus, including an antique show and sale March 6-7, and Mrs. Leiland Brackett expressed her appreciation for the gifts which will be delivered to a nursing home in Maryville by the chapter's sponsor and director, Mrs. Leslie Voyles.

The gifts will be used as awards for the elderly patients who are able to enjoy social activities conducted on Sunday afternoons.

Final plans were made for a party to be given at the home of Mrs. George Birmingham in Worden. Mrs. Birmingham traditionally entertains the chapter at the advent of spring.

The hostess served a dessert course to Mesdames Phillip Tsigioroff, William Laule, Paul Ashford, Ralph Haldean, William Forrest, Miss Ruth Stoyanoff and those previously mentioned. The attendance prize was won by Mrs. Laule and Miss Stoyanoff received the "hobby" surprise. The next meeting will be held in the home of Mrs. Haldean. The members have been invited for a 7 o'clock salad "potpourri."

The cultural program at the last meeting was given by Mrs. Tolliver who read a paper on "International cinema and the various awards for excellence."

In an impressive ceremony the noble grand was presented with a traveling Rebekah pin by St. Clair Lodge 742 of East St. Louis. The pin is to be presented later to another lodge.

About 35 guests attended the meeting from Belleville, Greenville, Lebanon, East St. Louis, Alton, Collinsville, and the Quad-City area.

Refreshments were served from tables decorated with spring flowers and a silent auction was held after the meeting.

Members were reminded to save rummage for a sale to be held the latter part of the month. Approximately 50 were present at Thursday's meeting.

## Order Work Start on SIU Building at Carbondale

The contractor for a \$11,691,450 Humanities-Social Sciences Building at Southern Illinois University's Carbondale Campus has been told to start work today.

However, actual excavation may not be possible for another month because of delays in moving existing offices from the 300-foot long site, according to Rino Bianchi, assistant to the chancellor.

The "order to proceed" came Friday from the Illinois Building Authority. It directed Contractor J. L. Simmons and Co., Inc. of Decatur to finish the job by June 26, 1973.

The building will stretch from the north end of SIU's University Center through the present campus homestead of President Emeritus Delyte W. Morris. Among occupants of the 330,000-square-foot structure will be the departments of English, sociology, philosophy, anthropology, government, history and foreign languages.

**Some Quarters Occupied**  
Some remodeled barracks on the construction strip have been vacated but others — notably those containing the English department and Southern Dancers company, are still being used. The offices of the Graduate School have been moved to Woody Hall, the campus post office has been switched to the Old Chautauqua barracks area and student government offices in another temporary building have been moved to the University Center.

Bianchi said music department offices in one former barracks are going to a remodeled house on S. Forest St., and the graduate textbook library is slated to move next week into the basement of the Communications Building.

Eventual destination of the English department is Woody Hall and the dance group is getting remodeled facilities at Furr Auditorium of Pulliam Hall, Bianchi said.

B. B. Stephens Construction Co. of Carbondale has a contract to remove the eight temporary structures on the site. Bianchi said the Humanities-Social Sciences project may be limited to erection of a construction fence and equipment and materials stockpiling until the site is cleared.

## 90 Tickets Left to Kate Heppburn Musical

About 90 tickets remain for two special theatre excursions to the Broadway musical, "Coco," starring Katherine Heppburn, at Kiel Opera House, St. Louis, Harlow Brown, GC park superintendent, announced today.

Reservations and ticket money must be received at the Wilson Park office by March 12 for either of two performances, scheduled Tuesday, April 6, and Tuesday, April 13, Brown said. A total of 90 tickets has been allotted to the park district for each show.

Reserved seats, in the first balcony section of Kiel Opera House, will cost \$7 per person, plus an additional \$1.15 fee for round-trip transportation by chartered bus. Reservations may be made by calling 877-3059, or stopping at the Wilson Park office, the park official said.

**Storm Door Broken**  
Blanche Riess, 2466 G and A roads, reported at 10 a.m. today that an 18-year-old youth broke the front storm door glass of her home.

**VETERANS APPRECIATION.** First formal presentation of Certificates of Appreciation to discharged servicemen through the Veterans' Assistance Program sponsored by the Granite City Jaycees, is made here. ## New Flag Disappears From Roof of Legion

"It gives me such a secure feeling to see the flag in that bright spotlight when I go to work early in the morning and I noticed it was missing today. Has anything happened to it?" a woman caller inquired at the Tri-City American Legion Post Home last week.

The caller, a motorist whose journey to work takes her past the Post Home at 113 Post Home at 24th Street and Madison Avenue about 5:30 a.m. each day, expressed concern to Legion officials that the flag may have been stolen.

By the time the telephone call came, Post 113 officers already had discovered the new all-weather flag which was hoisted by a spotlight on top of the Post Home had disappeared.

The large Stars and Stripes, valued at more than \$25, was presented to the Legion by Auxiliary members just eight days before the flag was stolen. Commander Edwin Tapp said the flag could have been stolen by vandals or anti-American types. "We prefer to believe it was vandalism," he said.

"Our American Legion Post 113, Department of Illinois, as well as the national organization, are the biggest fighters against those who would choose to overthrow our form of government by any means, including force and violence," the commander said.

"Our preamble to the constitution states to inculcate a sense of individual obligation to the Community, State and Nation," Tapp continued, adding, "We have contributed through years of our existence in this community for which we are so proud."

The Legion Post official also commented this weekend, "As the result of our work in this community, I believe we deserve more respect. Our work with youth alone lends to more respect than to have our symbol of Freedom and Democracy removed by unorthodox methods."

## Driver Jailed 4 Days, Fined after Accident

William J. Kieffer, 38, of 2450 Edison Ave., was sentenced Friday to four days in the Madison County Jail and fined \$75 and \$20 court costs after his arrest at 9:10 p.m. Thursday in Venice on charges of driving while intoxicated and careless driving.

Kieffer's auto struck the rear of the Clarence E. Way East St. Louis, stopped on Broadway at the railroad tracks for a train, police said the rear end and left side of Way's auto were damaged.

Kieffer's wife, Mrs. Mary Kay Way, 33, and their 4-month old son, Jason, were injured in the collision but declined hospital treatment, police said.

## Youth Caught Breaking School Windows

A custodian at the Dunbar School, Madison, apprehended one of two youths who allegedly broke 13 windows at the school Friday evening.

The custodian told police he heard windows breaking and noticed two boys outside throwing rocks at the school. He went outside and caught one of the boys, but the other fled.

Nine windows on the south side of the school and four windows on the east side were broken. Juvenile authorities questioned the youth.

## 2 New Centers Planned For Retarded Children

The Madison County Association for Retarded Children is accepting applications now from parents of mentally retarded children between the ages of 2 and 14 years residing in the Quad-Cities or the Edwardsville area, who are interested in their child attending one of two new Pre-School and Adjustment Centers soon to be established.

Any retarded child in this age bracket, regardless of the degree of his handicap, who is not currently enrolled in a special program is acceptable, according to Thomas E. Lynch, association executive director. Lynch said the new programs will be patterned after a class in Alton which has been successfully established and is presently operating five half-days each week.

The Alton program is supervised by a certified special education teacher and staffed with teacher's aides who work in specific areas such as speech therapy, physical education, motor development, socialization and other areas determined by the individual child's needs, the director explained.

**Classify for School**  
Lynch noted that the goal for these children is to help them adjust to a school situation and to eventually place them in a public school special education program, if at all possible. Cur-

seriously July 19, 1969, while serving in Vietnam. Other local veterans shown are, front row, from left to right, Holland, Richard Heatherly, Walter Marsh, Eddie Lamer, and Tom Talley. Second row, from left, Dick Kiser, Pat Nesbit, Charles Angle and Don Wofford.

## Vandals Damage Auto

Herbert Buzan, 2800 Nameoki Road, reported at 6:25 p.m. Friday that someone broke three headlights and the windshield of his auto, apparently with a hammer, while it was parked at 19th and Adams streets.

## Antenna Removed

John Motes, 2421 Washington Ave., reported at 8:35 a.m. Saturday that someone removed the radio antenna from the rear of his auto while it was parked in his driveway.

Through the efforts of the Madison County Association for Retarded Children and cooperation and interest of members of the Madison County 708 Mental Health Board and the entire county board of supervisors, it has been possible to fund the program in Alton and to qualify for Department of Mental Health funds to enlarge the program to include other areas in the county, Lynch pointed out.

The association hopes to establish a center in the Quad-Cities within the next two to three months, the Press-Record learned.

Interested parents may obtain additional information or application forms by calling the Edwardsville office of the County Retarded Children's Association, at 1-656-4661, or by writing to the Madison County 708, Bohn Building, 100 Main St., Edwardsville, the director said.

## Auto Window Broken

William Brennan, 2102 Nevada Ave., reported at 6:29 p.m. Saturday that someone broke the left side window on his 1964 auto while it was parked at 2077 Cayuga St.

## Electrically heated buildings have a bright future

Vital Services Building, East Alton

When it comes to specifying the heating system for commercial and municipal buildings in Illinois, more and more often the choice is Electric Heat.

One reason is its versatility. With individual thermostats, you can provide the right temperature for a gym, a conference room, or an office. You can heat only that part of the building that's being used. You eliminate a lot of maintenance because Electric Heating systems are efficient and simple.

With these businesslike advantages comes a world of comfort that's close to ideal. Electric Heat makes a building function better for living, working or recreation.

For any commercial, municipal or educational building, consider Electric Heat. It's the system that's great for both the owner and the occupants. Ask our Commercial Sales Representative for the facts.

## Ogilvie Urges Legislation to Preserve Illinois Scenic, Recreational Areas

Gov. Richard B. Ogilvie has proposed a three-year conservation program designed to "prevent exploitation of scenic and recreational areas of Illinois."

The governor's recommendations were contained in a special message submitted to the Illinois General Assembly. Ogilvie said the program was designed to complement the state's "aggressive" land acquisition program, which has added 41,456 acres to the state park system in the past two years, and envisions the addition of 17,000 more acres during fiscal 1972. He proposed the following measures:

—A Scenic and Recreational Preserves Act enabling the General Assembly to designate certain scenic river valleys "to prohibit further development damaging their present qualities." He recommended beginning with the designation of scenic stretches on the Fox, Embarras, Apple, Rock, Kankakee, Macinaw, Lusk, and Spoon rivers.

—Broad reform of the state's regulation of strip mining, including a ban on mining in certain areas where reclamation is impossible and tough new urban planning standards.

—Authorization for the state to take scenic easements over certain open lands by the condemnation process.

**Must Act Now**  
Ogilvie commented: "Only the state can provide the parks and open spaces our people need as we become increasingly urbanized. The counties and the cities are limited by geography. The federal government is limited to sites of national or historical interest."

**Granite City PRESS-RECORD**

"But to preserve our opportunities for individual self-renewal through nature, we must join together and act now."

In his message, the governor reviewed the two-year acquisition program which has increased state park acreage by 35%, and proposed an allocation of more than \$20 million for further purchases next year. He emphasized the need for providing additional open space near the state's great population centers, noting that six million Chicago area residents had a choice two years ago of only three state parks, containing 3,435 acres. He cited several steps toward reversing the "backyard geography" of the state park system, including:

—Preservation of the Midwestern large virgin prairie from industrial development, and the acquisition of other "ecological phenomena," including Wolf Bog and a rare glacial lake and Leatherleaf Bog in McHenry County.

—Acquisition of 2.7 miles of Lake Michigan shoreline at Illinois Beach State Park, road repairs at 10 different parks, a new dam and lake in DeKalb County, and new facilities at seven new parks.

Ogilvie said much of the expansion and improvement has been made possible by a new emphasis on long-range planning, and a professionalization of the staff in the Department of Conservation.

He said Illinois was reversing the traditional tendency to plan parks "based on the needs of the people managing the parks rather than on the needs of those using the parks."

The University of Illinois is currently developing a comprehensive plan for land acquisition, including data on population, land prices and population density, he added.

ment deteriorating around them, there is no more far-sighted investment we can make."

The state has opened seven new parks since 1968, he said, and the 1972 budget will request appropriations to open six more.

He said an extensive program also had been undertaken to expand and rebuild deteriorating and overcrowded facilities at existing parks.

Among improvements he cited were new roads at 18 parks and conservation areas, 2,500 new hard-surface camping pads, sewage treatment plants either under design or already completed at seven parks, new fishing lakes at Sam Parr and Morrison-Rockwood state parks, and extensive rebuilding at the popular Starved Rock State Park.

**New Dam, Lake Planned**  
Plans for 1972 include an interpretive education building at Goose Lake Prairie, new campgrounds and picnic facilities at Silver Springs State Park, road repairs at 10 different parks, a new dam and lake in DeKalb County, and new facilities at seven new parks.

### Price Backs Bill to Observe Vietnam Vote

Congressman Melvin Price (D, East St. Louis) announced today his co-sponsorship of a resolution providing for the appointment of a Congressional study team to observe the Vietnamese elections in October, 1971.

"The purpose of this study team is to provide an on-site investigation of the electoral process in Vietnam in order to determine if legal elections are being held," Mr. Price said. "Observation is intended to be more thorough than the one held in 1967."

"The study team," he explained, "would consist of four members from each the House and the Senate and seven other persons appointed by the President. This team would be preceded by a staff group which would observe the last four weeks of the campaign."

"It is the right of the American people to know whether free elections are a reality in Vietnam," Congressman Price stressed. "This study team will directly observe and analyze the election and will report any deviation from the correct conduct of a free election."

"If this observation is to be successful," he concluded, "I feel it vital that the study team be appointed immediately so that it can begin its preparation."

### GC Student Elected To College Council

Ernest Schwendemann, son of Mr. and Mrs. Richard Schwendemann, 2248 Lee Ave., has been elected and installed as vice-president of the Student Activities Council of Southeast Missouri State College, at Cape Girardeau, Mo.

Installation ceremonies were conducted in conjunction with the annual SAC banquet held last week at the school. The local youth also was honored as the "Outstanding Council Member of 1970" for his achievements as Fine Arts Chairman. The Student Activities Council is the campus organization responsible for all social, cultural and recreational student activities, financed and sponsored by the college.

As vice-president, Schwendemann's duties include coordinating and head of all SAC committees; parliamentary; responsible for interviewing and selecting new council members; and arranging the annual banquet.

Currently in his junior year at SE-Missouri the local student also is active in Pi Kappa Alpha Fraternity, the Student Union Planning Board, Greek Governing Board, Artist Lecture Series Committee, the Varsity Club and serves as a representative to the Student Senate.

Schwendemann was graduated in 1968 from Granite City High School.

### Auto Strikes Fence, Drives Across Lawn

The auto of Barbara A. Steward, 4612 Vine St., was forced off the road by an oncoming truck turning in front of her and her car struck a cyclone fence and continued into the yard of the home of Mick Zlat, 3006 Edwardsville Road, Madison, at 8:30 a.m. Friday, police reported.

The truck, which allegedly caused the accident, left the scene. The Steward auto damaged the fence, lawn and some shrubbery in the yard.

## Dixon to Prepare Monthly Reports on Fund Balances

State Treasurer Alan J. Dixon today announced his office would prepare monthly computerized reports on balances in each of the State's appropriated funds.

"For the first time in the history of Illinois, this data will be made available to all interested governmental agencies as well as the news media," Dixon said. "Not only will we make this data available monthly but we will supplement it on an agency basis to any person or agency interested in the information."

"The computerized printout will show the balance in each appropriated fund at the end of a month," Dixon said. The first such comprehensive report will be presented at the end of March.

"Readers of this information can establish over a year's time whether or not a surplus exists in any of the State's appropriated funds," Dixon said. The statistical information will reflect with computerized accuracy, the spending of each code department, each commission and every other agency of government."

### 4 GC Men Commended By Prudential Firm
